

CAPABILITY STATEMENT

COMPANY OVERVIEW

Starting out as just a small family business in 1986, Wayne and Pauleen Surplice have grown & developed W & P Pumps to employ 23 full time staff in a large well equipped factory in Kyabram. Wayne & Pauleen have forged strong dealer affiliations with many pump, machinery and equipment companies, which means a comprehensive range of products competitively priced with full after sales service.

W & P Pumps has earned its reputation over a quickly growing area & customer base, as a supplier of quality Turn Key Operation Packages. W & P Pumps is your one-stop-shop for all your irrigation needs. W&P Pumps service what they sell and are willing to service other products.

WE OFFER:

Pumpstations & Irrigation Pumpsets

Center Pivots & Lateral Irrigators

Pipeline Construction

Pipe & Riser systems

Poly Fabrication

Submersible bore pumps

Submersible Dewatering Pumps

Effluent Pumps

24/7/365 Breakdown Service

And much, much more

SAFETY & QUALITY IS KEY

At W&P Pumps the level of safety & quality of our work is paramount, as a family business we care about our workers and the community, we pride ourselves in creating a safe worksite to ensure everyone goes home safe, while maintaining a high standard in quality of work. This is why all our Poly Welders are accredited & certified in HDPE Pipe Welding

PROJECT TIMELINES

At W&P Pumps we understand that time is money, this is why we always plan works and set milestones for projects with completion dates, you can be sure that when we start a job we do everything we can to ensure completion of your project in a timely manner.
